INDEPENDENT AUDITOR'S REPORT

February 9, 2023

The Honorable Board of Education
Welch School District No. I-17
Craig County, Oklahoma

Opinions

I have audited the accompanying combined fund type and account group financial statements – regulatory basis of Welch School District No. I-17, Craig County, Oklahoma, as of and for the year ended June 30, 2022, and the related notes to the financial statements, as listed in the table of contents.

Qualified Opinion on Regulatory Basis of Accounting

In my opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities, and fund balances arising from regulatory basis transactions of each fund type and account group of Welch School District No. I-17, Craig County, Oklahoma, as of June 30, 2022, and the revenues collected and expenditures paid and encumbered for the year then ended on the regulatory basis of accounting described in the Note 1 (C).

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In my opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Welch School District No. I-17, Craig County, Oklahoma as of June 30, 2022, or the revenues, expenses, and changes in financial position for the year then ended.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller General of the United States. My responsibility under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Welch School District No. I-17, Craig County, Oklahoma, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Basis for Qualified Opinion on Regulatory Basis of Accounting

The financial statements referred to in the first paragraph do not include the general fixed asset account group, which is a departure from the regulatory basis of accounting prescribed or permitted by the Oklahoma State Department of Education. The amount that should be recorded in the general fixed asset account group is not known.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 (C) to the financial statements, the financial statements are prepared by the Welch School District No. I-17 Craig County, Oklahoma, on the basis of the financial reporting provisions of the Oklahoma State Department of Education, which a basis of accounting other than accounting principles generally accepted in the United States of America to comply with requirements of the Oklahoma State Department of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 (C) and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with financial reporting provisions of the Oklahoma State Department of Education to meet financial reporting requirements of the State of Oklahoma; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Governmental Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may include collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Welch School District No. I-17, Craig County, internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Welch School District No. I-17, Craig County, Oklahoma's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that I identified during the audit.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the fund type and account group financial statements within the combined financial statements. The combining fund statements-regulatory basis, and other schedules as listed in the table of contents, under supplementary information, are presented for purposes of additional analysis and are not a required part of the combined financial statements of the District. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining financial statements-regulatory basis, and other schedules as listed in the table of contents, under supplementary information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting records used to prepare the combined financial statements. Such information has been subjected to the auditing procedures applied in the audit of the fund type and account group financial statements within the combined financial statements, and other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information including the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the combined financial statements taken as a whole on the regulatory basis of accounting described in Note 1 (C).

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated February 9, 2023, on my consideration of Welch School District No. I-17, Craig County, Oklahoma, internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink, appearing to read "Kerry John Patten", with a stylized flourish at the end.

NOTES TO THE FINANCIAL STATEMENTS

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

1. Summary of Significant Accounting Policies

The accompanying financial statements of the Welch School District No. I-17 (the "District") conform to the regulatory basis of accounting, which is another comprehensive basis of accounting prescribed by the Oklahoma State Department of Education and conforms to the system of accounting authorized by the State of Oklahoma. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States of America. The District's accounting policies are described in the following notes that are an integral part of the District's financial statements.

A. Reporting Entity

The District is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and, accordingly, is a separate entity for operating and financial reporting purposes. The District is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on the State of Oklahoma. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the District is the Board of Education composed of elected members. The appointed superintendent is the executive officer of the District.

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the District and/or its citizens, or whether the activity is conducted within the geographic boundaries of the District and is generally available to its patrons. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no potential component units included in the District's reporting entity. These statements present only the activities of the District.

B. Measurement Focus

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions or activities.

A fund is an independent accounting entity with a self-balancing set of accounts. The account groups are financial reporting devices designed to provide accountability for certain assets and liabilities that are not recorded directly in the funds.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types." The District has the following fund types and account groups:

Governmental Funds

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital project funds), and the servicing of general long-term debt (debt service funds). Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental type funds are accounted for using the Regulatory (Statutory) basis of accounting. All revenues from all sources, including property taxes, entitlements, grants, and shared revenues are recognized when they are received, rather than earned. Expenditures are generally recognized when encumbered or reserved, rather than at the time the related liability is incurred. Unmatured interest for debt service is recognized when due and certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated

Summary of Significant Accounting Policies (continued)

with expendable, available financial resources. Fiduciary type funds are accounted for using the regulatory basis of accounting. These practices differ from accounting principles generally accepted in the United States of America.

General Fund – The general fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include local property taxes and federal and state funding. Expenditures include all costs associated with the daily operations of the schools, except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The general fund includes federal and state restricted monies that must be expended for specific programs. The District's cafeteria operations are reported as part of the general fund.

Special Revenue Fund – The special revenue funds are used for proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Building Fund – The building fund consists mainly of monies derived from property taxes levied for the purpose of erecting, remodeling, repairing or maintaining school buildings and for purchasing furniture, equipment and computer software to be used on or for technology center property, for paying energy and utility costs, for purchasing telecommunications services, for paying fire and casualty insurance premiums for center facilities, for purchasing security systems, and for paying salaries of security personnel.

Debt Service Fund – The debt service fund is the District's sinking fund and is used to account for the accumulation of financial resources for the payment of general long-term debt principal and interest. The primary revenue sources are local property taxes levied specifically for debt service and interest earnings from temporary investments.

Capital Projects Fund – The capital projects fund is the District's bond fund and is used to account for the proceeds of bond sales to be used exclusively for acquiring school sites, constructing and equipping new school facilities, renovating existing facilities, and acquiring transportation equipment.

Fiduciary Funds

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments or on behalf of other funds within the District. When these assets are held under the terms of a trust agreement, trust funds are used for their accounting and reporting. Agency funds generally are used to account for assets that the District holds on behalf of others as their agent and do not involve measurement of results of operations.

Agency Funds – The agency fund is the school activities fund, which is used to account for monies, collected principally through fundraising efforts of the students and District-sponsored groups. The administration is responsible, under the authority of the Board, for collecting, disbursing, and accounting for these activity funds.

Account Groups

Account groups are not funds and consist of a self-balancing set of accounts used only to establish accounting control over long-term debt and general fixed assets.

General Long-Term Debt Account Group – This account group was established to account for all long-term debt of the District, which is offset by the amount available in the debt service fund and the amount to be provided in future years to complete retirement of the debt principal.

General Fixed Asset Account Group – This account group is used to account for property, plant, and equipment of the school district. The District does not maintain the information necessary to include this group in its combined financial statements.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

Summary of Significant Accounting Policies (continued)

C. Basis of Accounting and Presentation

The District prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education. This format is essentially the generally accepted form of presentation used by state and local governments prior to the effective date of GASB Statement No. 34, *Basic Financial Statements-Management's Discussion and Analysis-for State and Local Governments*. This format significantly differs from that required by GASB 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education (OSDE) as follows:

- Encumbrances represented by purchase orders, contracts, and other commitments for the expenditure of monies and are recorded as expenditures when approved.
- Investments are recorded as assets when purchased.
- Warrants payable are recorded as liabilities when issued.
- Long-term debt is recorded when incurred.
- Compensated absences are recorded as an expenditure when the obligation is paid.
- Fixed assets are recorded in the General Fixed Asset Account Group and not in the basic financial statements. Fixed assets are not depreciated.

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types; and, when revenues are earned.

D. Budgets and Budgetary Accounting

Prior to July 1 each year, the governing board of the school district prepares a verified application showing the needs of the school district and submits the application to the County Excise Board, who makes temporary appropriations for lawful current expenses of the school district. The temporary appropriations are merged with the annual appropriations when the annual budget for the school district is finally approved.

Prior to October 1 each year, the school Board of Education must make a financial statement, showing the true fiscal condition of the school as of the close of the previous fiscal year ended June 30, along with an itemized statement of estimated needs and probable income from all sources for the fiscal year.

A budget is legally adopted by the Board of Education for the general fund and special revenue fund(s) of the school district.

Encumbrances represent commitments to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders and other commitments of resources are recorded as expenditures of the applicable fund – is utilized in all governmental funds of the District. Under Oklahoma Law, unencumbered appropriations lapse at the end of the year.

E. Assets, Liabilities and Fund Equity

Memorandum Only – Total Column

The total column on the general purpose financial statements is captioned “memorandum only” to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with accounting principles generally accepted in the United States of America. Neither is such data comparable to a consolidation. Interfund eliminations have not been made on the aggregation of this data.

Cash – Cash consists of currency and checks on hand and demand deposit accounts with banks and other financial institutions.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

Summary of Significant Accounting Policies (continued)

Investments – State statutes govern the District's investment policy. Permissible investments include direct obligations of the United States Government and Agencies; certificates of deposit of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations, and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. Investments are stated at cost.

Inventories – Inventories consist of minimal amounts of expendable supplies held for consumption. The value of consumable inventories at year-end is not material to the District's financial statements. The costs of inventories are recorded as expenditures when encumbered and purchased, rather than when consumed.

Compensated Absences – Vested or accumulated vacation leave that is expected to be liquidated with expendable, available financial resources is reported as expenditure and a fund liability of the governmental fund that will pay it. There are no amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable, available financial resources.

No liability is recorded for non-vesting accumulating rights to receive such pay benefits

Fixed Assets – The District has not maintained a record of its general fixed assets, and, accordingly, a General Fixed Asset Account Group is not included in the financial statements. General fixed assets purchased are recorded as expenditures in the various funds at the time of purchase.

Long-Term Debt – Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable, available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

Cash Fund Balance – Cash fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

F. Revenues, Expenses and Expenditures

Local Revenues – Revenue from local sources is revenue produced within the school district, which includes ad valorem taxes. It is available for current educational expenses and for other purposes authorized by the school board.

The District is authorized by state law to levy property taxes, which consist of ad valorem taxes on real and personal property within the District. The county assessor, upon receipt of the certification of tax levies from the County Excise Board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of the tax is due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 2. Second half taxes become delinquent on April 1 of the year following the year of assessment. If taxes are delinquent and unpaid for a period of three years or more the real estate may be sold for such taxes.

Intermediate Revenues – Revenue from intermediate sources is revenue from funds collected by an intermediate administrative unit or political sub-division, such as a county or municipality, and redistributed to the school district.

State Revenues – Revenue from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

Summary of Significant Accounting Policies (continued)

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The District receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided. These rules also require that the money not expended, as of the close of the fiscal year, be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical educational program revenues be accounted for in the general fund.

Federal Revenues – Revenue from Federal sources is money originating from the Federal government and made available to the school district either as direct grants or under various programs passed-through the State Department of Education and other state agencies.

The Federal government also makes payments to school districts whose revenues are adversely affected by the presence of Federal activities. Although these payments are made in consideration of lost property tax revenue, the Oklahoma State Department of Education advocates classifying such amounts as revenue from Federal sources.

Instruction Expenditures – Instruction expenditures include the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location, such as a home or hospital, and in other learning situations, such as those involving co-curricular activities. It may also be provided through some other approved medium, such as television, radio, telephone and correspondence. Examples of expenditures that might be included here are the activities of teacher assistant of any type (clerks, graders, teaching machines, etc.), which assist in the instructional process. The activities of tutors, translators, and interpreters would be recorded here. Department chairpersons who teach for any portion of time are included here. Tuition/transfer fees paid to other LEAs would be included here.

Support Services Expenditures – Support services expenditures provide administrative, technical (such as guidance and health) and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objective of instruction, community services and enterprise programs, rather than as entities within them.

Operation of Non-Instructional Services Expenditures – Activities concerned with providing non-instructional services to students, staff, and the community.

Facilities Acquisition and Construction Services Expenditures – Consist of activities involved with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvement to sites.

Other Outlays Expenditures – A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified as Other Outlays. These include debt service payments (principal and interest).

Other Uses Expenditures – This includes scholarships provided by private gifts and endowments; student aid and staff awards supported by outside revenue sources (i.e., foundations). Also, expenditures for self-funded employee benefit programs administered either by the District or a third party administrator.

Repayment Expenditures – Repayment expenditures represent checks/warrants issued to outside agencies for refund or restricted revenue previously received for overpayments, non-qualified expenditures, and other refunds to be repaid from District funds.

Interfund Transactions – Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

Summary of Significant Accounting Policies (continued)

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers.

Budgetary Information

Under current Oklahoma Statutes, a formal Estimate of Needs (Budget) is required for all General and Special Revenue funds. Budgets are presented for all funds that include the originally approved budgeted appropriations for expenditures and final budgeted appropriations as adjusted for supplemental appropriations and approved transfers between budget categories. The annual Estimate of Needs, when approved by the Board and subsequently filed with the County Clerk and approved by the County Excise Board, becomes the legal budget. Supplemental appropriations, if required, were made during the year and are reflected on the budget vs. actual presentations shown included in supporting schedules.

2. Deposit Categories of Credit Risk

Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. The District's investment policies are governed by state statute. Permissible investments include:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the government is pledged.
2. Obligations to the payment of which the full faith and credit of the state is pledged.
3. Certificates of deposits of banks when such certificates of deposits are secured by acceptable collateral as in the deposit of other public monies.
4. Savings accounts or savings certificates of savings and loan associations to the extent that such accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation.
5. Repurchase agreements that have underlying collateral consisting of those items specified in paragraphs 1 and 2 of this section including obligations of the United States, its agencies and instrumentalities, and where collateral has been deposited with a trustee of custodian bank in an irrevocable trust or escrow account established for such purposes.
6. County, municipal or school district direct debt obligations for which an ad valorem tax may be levied or bond and revenue anticipation notes, money judgments against such county, municipality or school district ordered by a court of record or bonds or bond and revenue anticipation notes issued by a public trust for which such county, municipality or school district is a beneficiary thereof. All collateral pledged to secure public funds shall be valued at no more than market value.
7. Money market mutual funds regulated by the Securities and Exchange Commission and which investments consist of obligations of the United States, its agencies and instrumentalities, and investments in those items listed above.
8. Warrants, bonds or judgments of the school district.
9. Qualified pooled investment programs, the investments of which consist of those items specified above, as well as obligations of the United States agencies and instrumentalities, regardless of the size of the district's budget. To be qualified, a pooled investment program for school funds must be governed through an Interlocal cooperative agreement formed pursuant to Title 70 Section 5-117b, and the program must competitively select its investment advisors and other professionals. Any pooled investment program must be approved by the Board of Education.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

Deposit Categories of Credit Risk (continued)

The District's investment policy instructs the treasurer to minimize risks by diversifying the investment portfolio; structuring investments so that securities mature in time to meet cash requirements; and by investing the full amount of all accounts of the District.

Custodial Credit Risk:

Deposits and Investments - The District's demand deposits are required by law to be collateralized by the amount that is not federally insured.

Securities pledged as collateral are held by a third party or Federal Reserve Bank. Joint custody safekeeping receipts are held in the name of the depositing institution, but are pledged to the District. The security cannot be released, substituted, or sold without the School Treasurer's approval and release of the security.

Certificates of deposit are collateralized at least by the amount not federally insured. As of June 30, 2021, the District had no deposits exposed to custodial credit risk.

Interest Rate Risk:

Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. However, the District has no formal written policy addressing interest rate risk.

Credit Risk:

The District has no formal written policy addressing credit risk.

3. General Long-Term Debt

State statutes prohibit the District from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the District's voters. Bond issues have been approved by the voters and issued by the District for various capital improvements. These bonds are required to be fully paid serially within 25 years from the date of issue.

General long-term debt of the District consists of bonds payable and capital leases payable. Debt service requirements for bonds are payable solely from fund balance and future revenues of the debt service fund. Capital leases are paid from General, Building, and Bond funds of the District.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

General Long-Term Debt (continued)

A brief description of the outstanding general obligation bond issues at June 30, 2022, is set forth below:

	<u>Amount Outstanding</u>
School District No. I-17 Building Bonds, Series 2021, original issue \$340,000.00, average interest rate of 0.75%, first installment of \$40,000.00 due on July 1, 2024, and annual installments of \$100,000.00 due thereafter, final payment of \$100,000.00 due on July 1, 2027.	\$ 340,000.00
School District No. I-17 Building Bonds, Series 2017, original issue \$200,000.00, average interest rate of 3.00 %, first installment of \$40,000.00 due on July 1, 2020, and annual installments of \$40,000.00 due thereafter, final payment of \$40,000.00 due on July 1, 2023.	40,000.00
School District No. I-17 Building Bonds, Series 2018, original issue \$450,000.00, interest rate of 3.06%, first installment of \$90,000.00 due on July 1, 2021, and annual installments of \$90,000.00 due thereafter, final payment of \$90,000.00 due on July 1, 2024.	180,000.00
School District No. I-17 Building Bonds, Series 2019, original issue \$230,000.00, average interest rate of 2.60%, first installment of \$50,000.00 due on July 1, 2021, and annual installments of \$60,000.00 due thereafter, final payment of \$60,000.00 due on July 1, 2024.	120,000.00
School District No. I-17 Building Bonds, Series 2020, original issue \$230,000.00, average interest rate of 1.80%, first installment of \$50,000.00 due on July 1, 2022, and annual installments of \$60,000.00 due thereafter, final payment of \$60,000.00 due on July 1, 2025.	<u>180,000.00</u>
Total Bonds Outstanding	\$ <u>860,000.00</u>

The annual debt service requirements for retirement of bond principal and payment of interest are as follows:

Year ending June 30,	Principal	Interest	Total
2023	\$ -	\$ 6,570.00	\$ 6,570.00
2024	290,000.00	16,125.00	306,125.00
2025	310,000.00	5,835.00	315,835.00
2026	160,000.00	1,755.00	161,755.00
2027	100,000.00	375.00	100,375.00
Total	\$ <u>860,000.00</u>	\$ <u>30,660.00</u>	\$ <u>890,660.00</u>

Interest expense incurred on general long-term debt during the current year totaled \$24,690.00.

**WELCH SCHOOL DISTRICT NO. 1-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

General Long-Term Debt (continued)

The District has a lease purchase agreement for a bus. Lease-purchase principal and interest payments outstanding at June 30, 2022, for this lease-purchase agreement is as follows:

Fiscal Year	Principal Payments	Interest Payments	Total
2023	\$ 14,260.87	\$ 1,955.81	\$ 16,216.68
2024	14,690.53	1,526.15	16,216.68
2025	15,141.12	1,075.56	16,216.68
2026	15,601.49	615.19	16,216.68
2027	12,011.46	151.05	12,162.51
Total	\$ 71,705.47	\$ 5,323.76	\$ 77,029.23

Welch School District entered into an initial agreement dated August 1, 2020 with Anchor D. Bank, Texoma, Oklahoma to obtain lease purchase financing in the amount of \$3,287,000.00 for the purpose of construction, equipment and to repair/replace new and existing educational facilities. On September 15, 2020 Welch School District refinanced the lease purchase agreement to a lower interest rate with Armstrong Bank with a principal balance of \$3,615,000.00. The District intends to finance the lease-purchase through the periodic issuance of series building bonds, which have previously been authorized and approved by school district voters. The building bonds are scheduled to be issued on dates and in amounts which coincide with lease purchase principal payments on the September 15, 2020 lease purchase financing. Pursuant to the lease purchase agreement the District will make the following payments:

Fiscal Year	Principal Payments	Interest Payments	Total
2023	\$ 102,161.65	\$ 67,838.35	\$ 170,000.00
2024	99,133.37	65,866.63	165,000.00
2025	171,046.64	63,953.36	235,000.00
2026	269,347.84	60,652.16	330,000.00
2027	279,546.26	55,453.74	335,000.00
2028-2032	1,547,435.90	192,564.10	1,740,000.00
2033-2034	1,046,268.80	33,731.20	1,080,000.00
Total	\$ 3,514,940.46	\$ 540,059.54	\$ 4,055,000.00

The above lease-purchase contain a clause that gives the District the ability to terminate the lease agreements at the end of each fiscal year. The District has recorded the liability for future lease payments in the General Long Term Debt Account Group. The lease payments are appropriated annually from school district funds. The following is a summary of the long-term debt transactions of the District for the year ended June 30, 2022:

	Bonds Payable	Lease Payable	Total Payable
Balance, July 1, 2021	\$ 805,000.00	\$ 3,634,197.47	\$ 4,439,197.47
Additions	340,000.00	75,200.00	415,200.00
Retirements	285,000.00	122,751.54	407,751.54
Balance, June 30, 2022	\$ 860,000.00	\$ 3,586,645.93	\$ 4,446,645.93

The District also had certain operating leases. These lease agreements are for one year terms or allow cancellation if funds are not appropriated for each year payments. Upon cancellation or termination the leased equipment is returned to the lessor. No liability is reflected in the financial statements for operating leases.

CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

4. Employee Retirement System

Description of Plan

The District participates in the state-administrated Teacher's Retirement System of Oklahoma (the "system"), which is a cost-sharing multiple-employer public employee retirement system. The supervising authority for the management and operation of the System is a 13-member Board of Trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The System provides retirement and disability benefits, annual cost of living adjustments, death benefits and other benefits to plan members and beneficiaries. Oklahoma State Statutes establish benefit provisions and may be amended only through legislative action. The District has no responsibility or authority for the operation and administration of the system nor has it any liability, except for contribution requirements. The Oklahoma Teachers' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Oklahoma Teachers' Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152.

Basis of Accounting

The System has prepared its financial statements in accordance with account principles generally accepted in the United States of America and using the economic resources measurement focus. The financial statements are prepared using the accrual basis of accounting, under which expenses are recorded when the liability is incurred, revenues are recorded in the accounting period they are earned and become measurable, and investment purchases and sales are recorded as of their trade dates. Member and employer contributions are established by Oklahoma Statutes as a percentage of salaries and are recognized when due, pursuant to legal requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Oklahoma Statutes. Administrative expenses are funded through investment earnings.

Funding Policy

The District, the State of Oklahoma, and the participating employee make contributions. The contribution rates for the District and its employees are established by and may be amended by Oklahoma Statutes. The rates are not actuarially determined. The rates are applied to the employee's earnings plus employer-paid fringe benefits. The required contribution for the participating members is 7.0% of compensation. The contribution rate for employers is 9.5%. Additionally, the State of Oklahoma contributes a percentage of its revenues from sales taxes, use taxes, corporate income taxes, individual income taxes, and lottery proceeds to the system. For the fiscal year ending June 30, 2021, the dedicated state revenue was equivalent to a contribution rate of approximately 7.0% of covered payroll. Finally, the Teacher's Retirement System receives "grant matching" contributions from employers for positions whose funding comes from federal and certain other grants. The matching contribution rate for FY 2021 is 7.7% of applicable payroll. The District is allowed by the Oklahoma Teacher's Retirement System to make the required contributions on behalf of participating members. The school is required to pay 16.5% for any compensated retired teachers already receiving retirement benefits.

Annual Pension Cost

The District's total contribution for 2022, 2021, and 2020 were \$307,398.43, \$295,869.16, and \$300,464.00, respectively. The District's total payroll for fiscal year 2021-22 amounted to \$2,100,441.15.

5. Litigation

The District is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized, and would not materially affect the financial position of the District at June 30, 2022.

**WELCH SCHOOL DISTRICT NO. 1-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENTS – REGULATORY BASIS
FOR THE YEAR ENDED JUNE 30, 2022**

6. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; or acts of God. The District purchases commercial insurance to cover these risks, including general and auto liability, property damage, and public officials liability. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

The School also participates in a risk pool for Workers' Compensation coverage in which there is transfer or pooling of risks among the participants of that pool. In accordance with GASB No. 10, the School reports the required contribution to the pool, net of refunds, as insurance expense. The risk pool is the Oklahoma School Assurance Group (OSAG), an organization formed for the purpose of providing workers' compensation coverage to participating schools in the State of Oklahoma. In that capacity, OSAG is responsible for providing loss control services and certain fiscal activities, including obtaining contract arrangements for the underwriting, excess insurance agreements, claims processing, and legal defense for any and all claims submitted to them during the plan year. As a member of OSAG, the District is required to pay fees set by OSAG according to an established payment schedule. A portion of the fees paid by the District goes into a loss fund for the District. The fee for the loss fund is calculated by projecting losses based on the schools losses for the last five years. OSAG provides coverage in excess of the Loss Fund, so the District's liability for claim loss is limited to the balance of the loss fund. If the District does not use their loss fund in three years, it is returned to them with no interest.

The District participates in the Oklahoma Public Schools Unemployment Compensation Account under the sponsorship of the Oklahoma State School Boards Association and the cooperative council for Oklahoma School Administration. The account was established to let school districts self-insure unemployment benefits for school employees. The funds are held in the name of each school district as reserves to pay unemployment claims. Each school district is individually liable for that portion of the benefits paid from the fund attributable to wages paid by the school district in the same manner as if no group account had been established. The reserve funds may be withdrawn from the account upon request of the school district. At June 30, 2022, the Welch School District had reserves on deposit with the Oklahoma Public Schools Unemployment Compensation Accounting totaling \$11,614.95. This amount has not been included in the District's balance sheet at June 30, 2022.

7. Surety Bonds

The District has a Public Official and School Employees System Faithful Performance & Honesty Blanket Position Bond with Western Surety Company. The bond number is 01704944; it covers all the employees for the penal sum of \$1,000.00. The treasurer, superintendent & encumbrance clerk are covered for the sum of \$100,000.00 each and is for the term June 2, 2021 through June 2, 2022.

8. Related Entities

The following entity is separately constituted and, accordingly, their financial position and results of operations have not been presented in the accompanying financial statements. Officers are not appointed by the school board. The school board is not responsible for approving budgets, contracts, key personnel, fiscal matters or day-to-day operations of the foundation.

The accompanying notes are an integral part of this schedule

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2022**

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the School under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only selected portion of the operations of the School, it is not intended and does not present the financial position, changes in net assets, or cash flows of the School.

Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the regulatory basis of accounting consistent with the preparation of the combined financial states except for non-monetary assistance noted in Note C. Such expenditures are recognized following the cost principles contained in the uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The School has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Food Distribution

Non-monetary assistance is reported in the Schedule at the fair market value of the commodities received and disbursed.

Broken Arrow, OK 74012
Phone Number (918) 250-8838
FAX Number (918) 250-9853

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of Education
Welch School District No. I-17
Craig County, Oklahoma

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying fund type and account group financial statements-regulatory basis, within the combined financial statements of Welch School District No. I-17, Craig County, Oklahoma (District), as listed in the Table of Contents, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued my report thereon dated February 9, 2023, which was adverse with respect to the presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America because the presentation followed the regulatory basis of accounting for Oklahoma school districts and did not conform to the presentation requirements of the Governmental Accounting Standards Board. However, my report was qualified for the omission of the general fixed asset account group with respect to the presentation of financial statements on the regulatory basis of accounting authorized by the Oklahoma State Board of Education.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Kerry John Patten", with a stylized flourish at the end.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

February 9, 2023

The Honorable Board of Education
Welch School District No. I-17
Craig County, Oklahoma

Opinion of Each Major Federal Program

I have audited Welch School District No. I-17, Craig County, Oklahoma (District's) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In my opinion, Welch School District No. I-17, Craig County, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis of Opinion on Each Major Federal Program

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). My responsibilities under those standards and Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of my report.

I am required to be independent of Welch School District No. I-17, Craig County, Oklahoma and to meet my other ethical responsibilities, in accordance with relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion on compliance for each major federal program. My audit does not provide a legal determination of Welch School District No. I-17, Craig County, Oklahoma's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Welch School District No. I-17, Craig County, Oklahoma's federal programs.

Auditor's Responsibility for the Audit of Compliance

My objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Welch School District No. I-17, Craig County, Oklahoma's compliance based on my audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance with it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Welch School District No. I-17, Craig County, Oklahoma's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Governmental Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Welch School District No. I-17, Craig County, Oklahoma's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Welch School District No. I-17, Craig County, Oklahoma's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Welch School District No. I-17, Craig County, Oklahoma's internal control over compliance. Accordingly, no such opinion is expressed.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program, on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on, a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibility for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during my audit, I did not identify any deficiencies in internal control over compliance that I considered to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

My audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Kerry John Patten". The signature is fluid and cursive, with a large loop at the end.

**WELCH SCHOOL DISTRICT NO. 17
CRAIG COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2022**

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an adverse opinion on the combined financial statements in conformity with accounting principles generally accepted in the United State of America and a qualified opinion for the omission of the general fixed asset account group on the combined financial statements in conformity with a regulatory basis of accounting prescribed by the Oklahoma Department of Education.
2. There were no audit findings reported of deficiencies in internal control, which the auditor considers to be "significant deficiencies" as defined in A.I.C.P.A. standards.
3. No instances of noncompliance material to the financial statements of Welch School District were disclosed in the audit.
4. There were no audit findings reported of deficiencies in internal control over major programs, which the auditor considers to be "significant deficiencies" as defined by A.I.C.P.A. standards.
5. The auditor's report on compliance for the major federal award programs for Welch School District expresses an unmodified opinion.
6. There were no audit findings relative to major federal award programs for Welch School District that were required to be reported by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).
7. The programs tested as major programs included: Special Education Cluster (84.027 & 84.173), COVID 19 ESSER II/CARES Act (84.425D), ESSER III, American Rescue Plan (84.425U).
8. A threshold for distinguishing Types A and B programs was \$750,000.00.
9. Welch School District did not qualify as a low risk auditee.

B. FINDINGS – FINANCIAL STATEMENTS AUDIT

1. No matter were reported.

C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

1. No matters were reported.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
SUMMARY OF PRIOR AUDIT FINDINGS
JULY 1, 2021 TO JUNE 30, 2022**

The summary of prior audit findings is required to report the status of all audit findings reported in the prior audit's schedule of findings and questioned costs relative to federal awards.

The school district had no prior year audit findings relative to federal award programs.

**WELCH SCHOOL DISTRICT NO. I-17
CRAIG COUNTY, OKLAHOMA
SCHEDULE OF COMMENTS
JULY 1, 2021 TO JUNE 30, 2022**

Based on my tests of accounting records and related procedures, I found nothing to indicate that Welch School District No. I-17 had not complied with significant compliance rules and regulations of the Oklahoma State Department of Education.

Previous Year's Audit Comments

There are no items in the school's 2020-21 audit report, which were repeated during fiscal year 2021-22.

I would like to express my appreciation for the courtesies and cooperation extended to us by school district administrators and employees during the course of this audit.
